> From the Director

Last year we introduced wireless hotspots to make it easier to access the internet for students, job-seekers and families who can't get internet at their homes or can't afford internet service. Our Mobile Service Librarians started multiple book clubs at the Calvert County Detention Center working with individuals who are on the path to re-entry. And my favorite? All children's books are fine-free.

Through all of this, we maintained our exceptional levels of customer service, extensive public programming and interesting and edifying collections. Thanks for making Calvert Library one of the best in the state!
